Death Valley Academy
2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

Students at Death Valley Academy are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of Death Valley Academy's discipline program is to maintain an orderly, stimulating and productive working environment. Parents and students are informed of school rules and discipline policies through the Student Handbook and statement of parents rights and responsibilities which are sent home at the beginning of the school year or upon a student's enrollment at Death Valley Academy.

Students are encouraged to participate in the school's academic and extracurricular activities, which are an integral part of the educational program. These schoolwide and classroom activities promote positive attitudes, encourage achievement, and aid

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Death Valley Unified held a public hearing on September 25, 2024 and determined that each school within the district had sufficient and good quality textbooks. instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and 10 take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in 2022 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school..

School Facility Conditions and Planned Improvements

Death Valley High Academy was originally constructed in 1957 and is comprised of 7 classrooms a gymnasium, a multipurpose room/cafeteria. a library/computer lab, athletic field.

Cleaning Process: The superintendent works with the custodial staff to ensure that the school is maintained in a clean an neat fashion. Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair are completed and work orders are addressed in a timely manner. Highest priority is given to emergency repairs. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar for dollar basis, to assist school districts with expenditures for repairs or replacement of existing building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

All HVAC systems are in good working order and are in place to help show energy savings per DVUSD's Proposition 39 energy conservation grant.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 Career Technical Education Programs

Death Valley High Academy career planning program prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom.

Career and technical offerings have been provided under the Inyo County CTE (Career Technical Education) program. These programs focus on career ready technical skill building.

In order to better help high school students following their graduation, the Academy counsels students regarding out of state educational/training options, issues with for profit colleges, student loan advantages and disadvantages as well as future job markets.

2025-26 School Safety Plan

Safely of students and staff is a primary concern of Death Valley High Academy. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated on February 15, 2023 by the District Safety Committee. All revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Students are supervised before and after school and at lunch by (certificated/classified staff and the principal). There is a designated area for student drop off and pick up. All visitors must check in with the office when they arrive on campus.

Professional Development

the District sets aside 3 professional development days per school year.

Staff development for the current year has focused on differentiated instruction and meeting the needs of special education students in a small, remote district. During staff development, attention will be paid to planning future extracurricular and other programs offered during school year. Support from the Inyo County Superintendent of Schools office is welcomed as are online training opportunities. While money for workshops and conferences is available it is difficult for teachers to travel long distances and for the Principal to address the lack of substitute teachers.

Teacher principal meetings and coaching are important components of our teacher support program.

Death Valley Unified offers programs to assist teachers with online classes leading to additional credentials in areas of district need. .
